Mayor Jack Gingles  
 City of Calistoga  
 1232 Washington Street  
 Calistoga, CA 94515

Dear Mayor Gingles,

This letter is to inform you that I fully support the recommendation being brought forth by the Logvy Master Site planning committee, of which I have been a participating member. Along with Vice Mayor Mike Dunsford, City Manager Jim McCann, Planning Commissioner Jeff Manfredi, architect Pam Kinzie, various city employees and potential stakeholders, many hours of discussion and deliberation have gone into this recommendation.

As you know, I have special interest in the spaces that will be available for youth programming. Specifically, the area devoted to the future Teen Center site, will greatly improve the quality and quantity of the types of activities that can be offered on a daily and consistent basis.

In addition to the Teen Center area, the close proximity to the Art Council, the City's own Recreation offices and the flexible/multipurpose room, will only strengthen the opportunities for all of our organizations to collaborate and find increasing ways to make better use of our resources to serve an even greater number Calistogans: youth, teens, adults and seniors. And let's not forget what wonderful assets the new community pool and the ball field will be for the new Logvy property recreational buildings.

Please inform Council Members Placido Garcia, Gary Kraus and Karen Slusser of my support for the Logvy Master Site recommendation.

I regret I'm not able to be present at the City Council to voice my support in person. I will be attending the Boys & Girls Club of America National Conference.
