Re: Lot 11, Centre Court, 1721 Emerald Drive

We have reviewed the plans for the referenced lot submitted by Elzey Construction, Inc, and hereby approve said plans as presented.

We have also reviewed the proposal by the Owner/Contractor with respect to extending the left corner of the front porch approximately 1'6". The City code allows architectural features such as this to extend into the setbacks a distance of 2'. We hereby approve this proposal as we feel it will be esthetically superior.
