Staff Report

TO: Honorable Mayor and City Council Members
FROM: Michael Kirn, Public Works Director/City Engineer
DATE: June 6, 2017
SUBJECT: Consideration of a Resolution Directing the City Engineer to Prepare and File a Report for the Silverado Place Subdivision Landscape Maintenance District in Accordance with Article 4 of Chapter 1 of the California Streets and Highways Code.

APPROVAL FOR FORWARDING:

Dylan Feik, City Manager

1
2 **ISSUE:** Consideration of a Resolution directing the City Engineer to prepare and
3 file a report for the Silverado Place Subdivision Landscape Maintenance District
4 in accordance with Article 4 of Chapter 1 of the Streets and Highways Code.

5
6 **RECOMMENDATION:** Adopt Resolution.

7
8 **BACKGROUND / DISCUSSION:** Through the conditions of approval for the
9 Silverado Place Subdivision, the City required the establishment of a Landscape
10 Maintenance District (LMD) to fund the maintenance of adjacent public
11 landscaping through the levying of assessments on the parcels within that
12 subdivision.

13
14 The Landscaping and Lighting Act of 1972 (Streets and Highways Code 22500-
15 22647) requires that the City undertake certain proceedings for any fiscal year
16 during which an assessment is proposed to be levied and collected. These
17 proceedings are usually accomplished through three Council actions as follows:

- 18
19 1) Adopt a resolution directing the City Engineer to prepare and file a report.
20

- 21 2) Approve the Engineer's Report, declare the City Council's intent to levy
22 and collect assessments and set the date for a public hearing.
23
24 3) Conduct a public hearing and authorize the actual levying and collection of
25 assessments.
26

27 The recommended Resolution begins the process for the 2017/2018
28 assessment. At the June 20, 2017 meeting you will receive the Engineer's
29 Report and set the date for a public hearing. During the Public Hearing the
30 Council will receive any public testimony on the proposed assessment and will
31 consider the levy of the proposed assessments.
32

33 **CONSISTANCY WITH CITY COUNCIL GOALS AND OBJECTIVES:** The
34 recommended action supports the FY 2017/18 City Council Goal No. 3, Objective
35 1 by providing a funding mechanism to "...maintain the high level of service and
36 reliability of the City's infrastructure systems and facilities." The LMD provides a
37 funding mechanism for maintenance of the landscaping that benefits the
38 properties in the LMD. Without this funding mechanism, the City would have to
39 consider termination of landscape maintenance or use other discretionary
40 funding to cover the maintenance costs.
41

42 **FISCAL IMPACT:** There will be no fiscal impact through the adoption of the
43 recommended resolution. Actual fiscal impact will be determined after the
44 preparation of the Engineer's Report.
45

46 **ATTACHMENTS:**
