Re: February 8, 2018 Letter
City of Calistoga
Feige Canyon Water Storage Tank Replacement Project

Dear Mr. Warren:

Thank you for the above letter, which, on behalf of your client United Industries Group, Inc., claimed to be sole-source objection notification, and alleged a City failure to comply with PCC 3400 and other matters for this project.

This is to let you know that the City does not believe it pre-selected a particular tank vendor/manufacturer, violated PCC 3400 or showed bad faith to UIG. City staff intends to recommend to the City Council that it award the contract to low bidder Granite at the Council's regular March 6, 2018 meeting, and does not intend to take any further action regarding the matters addressed in the letter.

The City thanks UIG for its participation in this project.

Sincerely,
Dylan Feik, City Manager
