Re: Use Permit U 2003-02

Dear Erik,

I am writing to request an extension of time for our Use Permit U 2003-02 for Highlands Christian Fellowship / Upper Valley Ministries. Shortly after this permit was granted, the church selected a project designer, Darrel Howe and Associates, whom we believe to have a good grasp of the preferences of people in the Napa Valley and who will work with the City with great competence and facility. A change of architects was also necessitated by our choice of Darrel Howe and Associates. New architects have worked diligently on details and have many drawings completed. However, they still predict that it will be late into the summer when a full bid package is submitted to the City.

It is our intention to continue with the project and request your indulgence to extend our Use Permit so that we can proceed. I would be glad to research answers to any questions that may arise in connection with this request.

Thank you for consideration of our request.

Respectfully,

Kelland Ingram

CC Darrell Howe and Associates
