DESCRIPTION: Consideration of a Resolution Approving the Construction Plans for the Washington Street Parklet, Approving a Budget Adjustment in the Amount of \$7,000 and Authorization to Construct

RECOMMENDATION: Adopt the resolution.

SUMMARY:

The City has partnered with Calistoga Hills Resort to develop a pilot parklet on Washington Street adjacent to the Huge Bear Wine Tasting. The proposed parklet is 8'X20' as shown on the attached plans. The location is on the west side of Washington just before Lincoln Ave. and was selected to minimize loss of parking and proximity to existing shade trees.

If successful the City may expand the concept to other parts of downtown pending approval from Cal Trans. The construction cost is estimated to be \$25,000 and staff proposes to issue a purchase order for construction.

FINANCIAL IMPACT: The FY 2018-19 Budget contains CIP-Parklets, Account No. 01-5570-4915 which has appropriations of \$18,000 for the project. The recommended Resolution would approve a Budget Adjustment increasing appropriations in Account No. 01-5570-4915 by \$7,000 derived from General Fund Reserves.

CEQA REVIEW: Construction of the parklet would involve a minor alteration to an existing parking area and is not an expansion of existing services. As such, the project is exempt from the provisions of the California Environmental Quality Act pursuant to California Code of Regulations Title 14, Chapter 3, Section 15301(e).

CONSISTENCY WITH CITY COUNCIL GOALS AND OBJECTIVES: Construction of the parklet would further the FY 18-19 City Council's goal of maintaining and enhancing the economic vitality of the community (Goal 1) and its objective of promoting the qualities of Calistoga that are attractive to residents and visitors (Goal 1, Objective 2).

CONCLUSION: The recommended Resolution approves the construction plans, approves a budget adjustment in the amount of \$7,000 derived from General Fund Reserves and directs staff to construct the parklet.
