

I urge the Planning Commission to approve the proposal to permanently convert the Mountain View Hotel/Veraison restaurant parking to a patio. Outdoor dining is always a benefit, but is especially important now. We must support our local businesses' success in these trying times and for the future.

Dear Commissioners,

I **support** the permanent conversion of the existing parking lot at 1457 Lincoln Avenue to hotel and restaurant patio space. I have seen how the area has been converted for Covid times and I think it looks very inviting and pleasing too the eye. I am in favor of them being able to keep such a nice addition to their restaurant. We need to continue to support our local businesses. I love outdoor dining!

Dear Commissioners,

I am writing in **support** of the Mount View Hotel and Veraison Restaurant parking lot conversion. We have plenty of parking and what we need is more outdoor dining options. Covid or not, we could do much more to accommodate outdoor dining, especially considering the length of our warm season.

Thank you,

--
