

The Terrace Lounge at Indian Springs will be an outdoor bar & cafe on the lawn adjoining Indian Springs' main entrance. Tucked under mature palms, the Terrace Lounge will be a relaxing space for hotel guests and the public to enjoy drinks, snacks and live acoustic music on weekends. The Lounge will be open from 8AM until 9PM, and will have a drink focused menu that offers snacks and grab and go items. Beverages on offer will include fresh squeezed juices, smoothies, wine & beer, craft cocktails and a full service espresso bar. Food items will be prepackaged or made at Sam's, and will include fresh pastries, donuts, sandwiches, salads and select hot menu items from Sam's that will be delivered on request.

Seating for the Terrace Lounge will include a mix of low lounge furniture sprinkled around the lawn and palms. The bar serving the Terrace Lounge will be a 16' reproduction vintage Airstream, complete with built in refrigeration and prep kitchen. The Airstream will sit on a permanent concrete pad and will be hooked directly into all needed utilities, making it a permanent fixture of Indian Springs. An ADA path of travel will be constructed linking our main entrance to the Terrace Lounge, and recently constructed restrooms, immediately adjoining the Terrace Lounge, will serve as the required restrooms. Mature landscaping will be used to shield any back of house items, and small directional signage no larger than 2'X2' will be used to direct guests and the public.
