**Subject:** regarding the proposed signage on the corner of Lincoln & Washington St. business

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As I thought about this, my biggest issue is having a sign hang OUT over the walkway. The design (graphic) of the sign didn't bother me, really, but I think it should be AGAINST the outer wall of the business. Personally, I don't like the quality of LED lighting. I am a 'neon sign' proponent! if it is to be a lighted sign. I find LED harsh, uninviting, and cold. Too 'industrial.'
