

## List of Possible Suppliers for Calistoga

This document in no way implies or conveys that the City of Calistoga endorses these suppliers, nor the quality or compliance of their products with respect to the code amendments regulating Reusable Food Ware and Waste Reduction. They simply have been utilized by one or more food vendors in Calistoga.

As you research their offerings, be aware that any claim that the foodware available is compostable in “commercial composting facilities” is a red flag that it may not be compostable in our local commercial facility, Upper Valley Disposal Company.
