GENERAL CONDITIONS, RULES AND REGULATIONS

1. Applicant shall maintain a minimum of one (1) paved traffic lane open at all times during the construction work. Prior to any street closure, the applicant shall receive approval from the Public Works Department. It is the applicant's responsibility to notify the Police (942-2810) and Fire (942-2840) Departments of street and lane closures each day.
2. Barricades must be kept on all trenches, excavations and obstructions. Lights must be maintained at night. All signs, flags, lights and other warning and safety devices shall conform to the requirements set forth in the current "Manual of Warning Signs, Lights and Other Devices for Use in the Performance of Work Upon Highways" issued by the State of California Department of Transportation.
3. Failure to install barricades and lights will result in said devices being placed by the City to protect the public. Any such devices placed by the City will be billed to the applicant at \$7.00 per lighted barricade per day. Public Works labor will also be billed.
4. Access to fire hydrants shall be maintained at all times. Access to adjacent property shall be provided. Refuse or unused materials shall be removed within three (3) days after completion of the work, or it may be removed by the City and the cost of removal billed to the applicant.
5. Existing drainage conditions must be provided for in every instance. Nothing contained herein shall be construed as relieving the Permittee of the responsibility. In addition, all work must comply with the National Pollution Discharge Elimination System (NPDES) permit regulations as outlined in the City's Municipal Code, Section 19.
6. Applicants must obtain any and all other permits required by other public or private agencies or individuals necessary in order to perform the intended work. If this provision is not met, this permit shall be null and void. It shall be the responsibility of the applicant to notify the utility companies before starting any construction which may involve their underground or overhead facilities and pay for any removal or relocation work necessary.

**UTILITIES MUST BE MARKED BEFORE ANY DIGGING BEGINS
CALL UNDERGROUND SERVICE ALERT 811 OR 800-642-2444**

8. Applicant shall keep the public right-of-way clean and clear of building materials.
9. Applicant shall maintain all excavations in existing streets in a safe condition until the permanent paving is installed. Temporary paving shall be installed at the end of each work-day and the paved street area opened and available for traffic. Each side of the trench shall be cut to a neat line prior to the placement of the permanent pavement.
10. Work done under this permit shall be in accordance with the standard specifications of the Department of Public Works, State of California, Division of Highways, the City's Municipal Code and specifications, and the provisions enumerated herein.
11. The Permittee shall notify the Public Works Department three (3) days prior to the commencement of any work authorized by this permit.
12. Upon the completion of the work, the Permittee shall clean the public right-of-way of all rubbish, debris, trees, brush, excess material, temporary structures and equipment, and, the right-of-way shall be left in as presentable condition as before the work began.
13. The Permittee shall be responsible for repair of public facilities, necessitated by failures in the work performed, for a period of one (1) year from the date of acceptance by the City of Calistoga.
14. Call 24 hrs. in advance for required inspections at the Public Works Department: at (707) 942-2828.
