Content of Page: Report a Streetlight Outage

Streetlight Problems and Outages

The City maintains the Vintage streetlights located on (and near) Lincoln Avenue. If you see a problem or light outage with one of these streetlights, please notify Public Works at (707) 942-2828.

The City will also replace light bulbs for streetlights on the following streets:

Cinnabar Court
High Rocks Drive
Oat Hill Court
Table Rock Court

ALL OTHER CITY STREETLIGHTS ARE MAINTAINED BY PACIFIC GAS AND ELECTRIC (PGE).

Anyone can call PGE at 1-800-743-5000 to report a problem, or outage.

PGE will ask for, 1) the streetlight pole# (a 3 digit # found at the base of the light pole on a metal tag), 2) the closest physical address, and 3) the nearest cross street. Please try to assist them with this information.

You can also go ONLINE to <http://www.pge.com/streetlights>, to report an outage or problem, via their website.
