

Inner Tube Water Polo

From deep within the office of the Calistoga Rec Department comes the newest addition: Coed Inner Tube Water Polo! You don't have to be Michael Phelps to participate in this league: the inner tube will prevent you from pulling a 'titanic' when times get tough.

Do you remember how much fun it was to hold your little brother or sister's head under the water until they swallowed half the pool? Ok, you cannot do that, but you can try to score a goal while battling the opposition and trying to stay afloat. Your only lines of defense are your team and your tube ... It is Wet, it is Wild, it is Water Polo!!!
