**Subject:** Re: Reso and Approved Plans - Calistoga Chevron

Hello Ken,

This is regarding Plan for Calistoga Chevron Canopy.

First, I would like to thank City of Calistoga, planning commission for working with us on this project. As you and all other staff members would agree that we also had work with the commete and bring the project where everybody is comfortable. There is only one issue that we are not agree with and that is Hours of Operation.

I Yasmin Ali hereby would like to appeal the last clause # 12 regarding Hours of Operation. Please send me proper forms to filled out for this appeal. We hereby like to request to have this appeal hearing in Feb-2010. This will give us enough time to make the meeting with neighbors and workout any issue.

Thanks.

Yasmin Ali
