I have just been informed by Mitch Hawkins that the City of Calistoga was unable to provide Mr. Hawkins with the documents that he requested, which are part of the La Prima Pizza file, at this time and that it would take the City another 14 days to locate the documents requested. In light of this, we request that the hearing on the appeal of the expanded use permit for La Prima Pizza be postponed until such time as the documents are provided to Mr. Hawkins.

Thank you for your consideration.
